LETTER TO STUDENTS

To the Students Entering Sweet Briar:

As President of Sweet Briar College I am writing to bid all of you, new students and old, a hearty welcome into the joys and the opportunities that lie before you. Many of you are entering upon an untried experience. We are hoping very heartily that your life and your work at Sweet Briar will realize for you all of your best anticipations. In turn, your President and your Faculty earnestly desire that you will so live and work at Sweet Briar that you will go forth from the College with finer ideals of scholarship, with better standards of value, with deeper knowledge of the meaning and the purpose of life.

First of all, we expect you to be serious students. Sweet Briar has no place for the girl without will to study. No man or woman today can afford to be a dilettante in education. You will find difficulties and sometimes discouragements, but if you have the will to learn, the desire to find in knowledge larger mental and spiritual horizons, difficulties will disappear and the rewards of your seeking will be greater than you can now imagine. No one who has not some apprehension of the joys of the mind, no one who does not herself wish a higher education, should enter any college. Parental coercion, custom, or even the law may force you to complete your elementary and high school work but a college education should be a voluntary thing and should be entered upon with joy.

We are asking you to co-operate with the Faculty in maintaining high standards of work and we are depending upon you for high ideals of personal conduct. College women are expected to have sufficient judgment and discretion to govern themselves. The students at Sweet Briar are trusted to maintain their own discipline; there is no espionage and the honor system prevails. The President, the Dean, and the Faculty gladly offer to all students personal counsel and advice. Each freshman has a faculty adviser who will guide and direct her in her academic work,

and in addition a student associate from the upper classes who will aid her to understand the social and student traditions and the real spirit of Sweet Briar. The freshman class, as a whole, has a general freshman adviser who is accessible at all times to the students and who is ready to help them in all difficulties.

The college regulations are very simple but you must always remember that you will be more dependent upon yourself for the planning of your daily life than you have ever been before. In the high school your work and your study hours were supervised and you were held to immediate accountability for faulty preparation. In college you will be left more to your own resources. Perhaps in these earlier days of your freshman year some of you may be tempted to abuse this newly found freedom; a recitation hour comes, you are having a good time, nothing will be said if you cut class, so you fail to appear; the laboratory period is long, the afternoon is glorious, a game of tennis or a long walk lures you away. Later a poor test or a faulty examination makes you realize painfully the value of the lost time. Plan your college life; do not leave your study or your work to the impulse of the moment.

We want you to be healthy and happy for we believe that health and happiness bring right living. You will have abundant opportunity for joyful sports and outdoor exercise and you should develop physically as well as mentally in the favorable surroundings and ideal climate of Sweet Briar.

We welcome all of you, therefore, into the newer opportunities and the larger responsibilities of college life. May the years at Sweet Briar be valuable and happy; may you find here enduring friendships with books, with people, and with nature.

Cordially yours,

EMILIE W. McVEA.
